

Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Wednesday 14 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:

A day of sunshine and scattered showers.

Today:

After a bright and dry start, cloud will gradually build giving a mixture of sunny spells and scattered showers through the afternoon. Feeling pleasant under the sunshine and light winds. Maximum temperature 12 deg C (54 deg F).

Tonight:

A largely dry evening with cloud breaking to leave clear spells overnight. Another cold night with light winds allowing for a frost to develop. Minimum temperature -1 deg C (30 deg F).

Thursday:

A fine and bright day with sunny spells throughout and feeling pleasant under the sunshine. Cold by night with overnight frost. Maximum temperature 12 deg C (54 deg F).

Outlook for Friday to Sunday:

Fine and dry with sunny spells and light winds on Friday and Saturday. Turning breezier on Sunday with outbreaks of light rain. Cold nights with overnight frosts and fog patches.
